

COMMENTS BOOK: OUR FINAL YEAR AT JEAN ZAY

2020-2021

English Class – 3^e

Mrs Yagan

Dear all,

This year has been weird because the pandemic covid-19 has been disturbing our teachings. It was difficult. It is hard to believe we're leaving our friends. On this last day of school, I will thank my teacher because it was also difficult for them.

I, Ganthiry, want you to know I was very proud to spend 4 years without giving up. As for me, Imane, despite the fact that I am a new student I like this school because I met fabulous friends like Ganthiry (she forced me to write this sentence).

To Mrs Torres, you're tall.

To Mr. Rahmani, you are pretty strict.

To Mrs Yagan, you are kind and sweet.

To Mrs Duparc, you are a feminist who is funny and optimistic.

To Mr Moinet, you are scary and "old school".

To Mr Romieu, you're very fast, you're The Flash.

To Mrs Belkhatir, you are "coquette".

To Mr. Pages, you are cool and funny.

To Mrs Cerny, #hydrated, #flaskofwater

To Mrs Velon-Mayet, you are very involved.

To Mrs Braconnier, you are a young introvert.

To Mr. Lafitau, you're a music lover and careless.

We shared good memories and bad ones, it was a really intense and interesting year.

Imane and Ganthiry (303)

the best, the prettiest, the smartest, the sweetest, the cutest, the coolest, the funniest the most modest students that this middle school has never seen before 😊

P.S.: Don't cry, we will come back and see you again like Wiz Khalifa.

"It's going to be long years

Without you my teachers...

When I see you again.

OHOHOHOHOHOHOHOHOHOH"

Wiz Khalifa feat Imane, Ganthiry, See you again.

Dear teachers Duparc and Velon-Mayet,

This year has been wonderful.

It is hard to believe that's over.

On this last day of school I would like to thank you for your help.

I have talked to some of you.

My favorite memory is when we studied the world war and we shared good moments.

I, (Anonymous), was very proud when you congratulated me.

To conclude, I just wanted to say thank you. I would like to add that you're great teachers.

Thank you for all, I hope to see you again.

Bye.

Dear all,

My year was so bad because the teachers was not cool with me.

Anonymous (303)

Dear all,

This year has been a wonderful and a hard year because there were lot of exams so it was very stressful. It is hard to believe that we are the oldest in the school yet we are not very mature.

On this last day of school, I want to thank all the teachers and other workers in the school. I want them to know that they were very helpful for me when I was lost.

Even though, I am shy to say thank you to all of them in person, I hope they will know how thankful I am. There are lot of great memories in these three years so I can't tell which is my favorite. These years, 2020 to 2021 was a difficult year because of the virus but this was the most memorable moment.

I know I didn't participate a lot these years but in the future I will try. I met many wonderful peoples and they were all nice to me so I hope we will keep in touch in the future.

Thank you!

Dear teacher Yagan,

Today this is my last day of the school at Jean Zay. This year my class didn't go to a school trip, the problem was coronavirus.

My favorite memory is my final task, this is very funny because I don't rap usually.

And my class is very funny.

Mrs Yagan is a very good teacher because in the classroom I am concentrated.

Thank you for this year and good continuation.

I am sad because my friends go in a new school.

This year was really funny.

Bye. Thank you!!!!

Anonymous (304)

Dear teacher Yagan,

This year has been good, we have learned a lot in English (the word and the sentence).

I am heartbroken to join my high school and I am sad to leave school even if you broke my heart with my mark 😊

Anonymous (304)

Dear Me,

I write this letter for me because I love me and I have many inspirations.

I want you to know that you are one of the most intelligent children of your father. This year you have proved that you can be independent and courageous.

My favorite memory is the moments with my friends, my joke, my laugh with my friends and my days at school.

Thank you for my beautiful meeting, all exciting laugh. Thank you for these 4 years of my life. I'm very grateful.

Goodbye 3°2!!!!

Dear Mia,

This year has been beautiful.

On this last day of school, my diploma test (Brevet), I have talked to my future.

My favorite memory is a share of what I know for my school.

Thank you for marrying me.

Anonymous (302)

Dear Mr. Rahmani,

I want you to know I like you.

You are the best of the best, thank you to be here for me.

Thank you for your help.

I have talked of my life and you have always forever been there for me.

To conclude, I just wanted to say that.

THANK YOU VERY MUCH <3

Anonymous (302)

Dear Mr. Quint,

I want you to know that you made me love history and geography.

You are one of the only teachers who is grateful. You are my favorite teacher.

My favorite memory is when we had a debate. I found it very interesting and amusing. With this debate, I learned many things.

To conclude, I just wanted to say that is one of my best school years.

Goodbye.

Manuela (302)

Dear Ms Belkhatir,

This year has been glad to have you again because I prefer you as physics teacher and not another. The first time you got here, I was in fifth grade, so I figured that you'd be just like the old one.

But eventually, I was wrong, you're one teacher I really appreciate, teaching well. I used to chat a lot in your class because physics was never my strong suit. But now I really like that physics is very important. It teaches us a lot of things so I am more attentive to your classes.

I want you to know that I like you very much even if you don't see it. My favorite memory is in fact you have helped me a lot. I remember you helping to study and that I had a good grade thank to your help, your patience, your kindness.

Thank you for your teaching, your kindness, your tenderness towards me. You were always there to help me when I didn't understand. You will forever be in my heart, stay as you are.

Goodbye, the most beautiful teacher in college.

Dear all,

This is my last year in middle school and it is about to end. I only spent one year in this school.

I am not very social or I don't know very well the other students even after nearly nine months in the same classroom.

I would have liked to be friends with some of them. I don't share a lot of moments with others but I really enjoy them. But at least I felt more comfortable in this school than my other.

I don't think it was especially a good year. I was not very involved in school. I was even pretty lazy. I would have liked to listen often.

Anonymous (302)

Dear Mr. Rahmani,

This year has been happy, nice to meet you. It was hard to believe on me but you were here for me because you are someone who listens.

On this last day of school, I would like to say "thank you for your help". I want you to know that I am very grateful.

My favorite memory is when you had called my dad because I did not work and after I worked thanks to you and when I did not eat you cooked a very good sandwich for us.

I was very proud when you congratulated me.

Thank you for your kindness.

I hope to see you again <3

Brenda (302)

Dear teacher Yagan <3,

I hope you are ok. My year has been very strange because I hate students in my classroom. I want you to know that you are my favorite teacher in the middle school. You are one teacher very cool and you are someone who listens.

My best moment was when we did the homework at the crime scene because despite the difficulties we had, we knew how to do a good job, liked this job because I like to play a role. I got a good grade!

I do not find that there have been bad times except especially from the times when the class talks a lot and besides, I apologize sometimes I have chatted.

To conclude, I would like to thank you for all you have done for us and thanks to you we have learned new things and enriched our vocabulary.

Thank you so much for this year with you.

Anonymous (302)

Dear Mr. Rahmani,

This year is assez good. For this year, I want you see.

Anonymous (302)

Dear Mr Quint,

You're a good man, you're the only professor who makes jokes and it's good. Good luck for the next year without us. I wait for the game.

Mrs Belkhatir, you're a good professor too.

Mrs Jouet, you're a good supervisor.

Antony,

We wait for the "G LA DALLE". You're a good man

Anonymous (302)

Dear Mrs Yagan,

This year has been with many movements, there have been problems in the class.

I think if we had been listening, we would have a best level, especially in English.

It is because of the concentration in the class.

Thank you for your patience.

Youcef (302)

Dear teachers and students,

This year has been really fast, it is hard to believe it is the last day.

Yesterday, I was in 6^{ème} and now I'm going out of college.

Also, this year has been different compared to the previous years. We have many things to do in the same time.

The middle school taught us enormously.

This is not simple at all the last day but this permitted to glow up.

For example: Today I am not gullible or so sweet because I glow up.

This year has been complicated because we must find you because we are kids.

I had difficulties but I got it and I have no regrets.

Anonymous (302)

Dear Mrs Torres,

I want you to know that you made me sad but it's ok.

I will try my best next year in Spanish.

Thank you.

Anonymous (302)

Dear teacher Yagan,

This year has been good to learn a lot of things, above all in English.

It is hard to believe because it failed, I fear for a secondary school.

On this last day of school, I'm going to enjoy everything.

I have talked to Diva and Maryam. It was very informative in class and outside in sports.

My favorite memory is in permanence and music.

Thank you for this year. It was cool.

Anonymous (302)

Dear M. Quint,

This year has been happy.

I have been lucky to have a professor like you. It is hard to believe that this year it's finished.

On this last day of school, I have wanted to thank you. I wanted you to know that I like to trick to learn.

I have talked to like your patience. My favorite memory is in informatique class. We play Kahoot. This game is very exciting because we can win a point in the next control.

We shared a very great relaxation between professor and students. I was very proud when I had a great mark.

To conclude, I just wanted to say that you are very great professor. I would like to add that you are funny.

Thank you for these 3 years.

I hope to see you.

Abân (302)

Dear teacher Yagan,

It is hard to believe of this year because I lived many events in your class.

In class, I have learned many skills and this year was very cool.

I was very proud when I had a good mark because it shows my upgrade level in English. I appreciate you and the work in English was fun and cool.

To conclude, I just wanted to say that you are a great teacher.
